

## JAPANESE ANGERED AT SHANGHAI RIOTS

### Radical Newspapers Urge Government to Ask Payment for Citizens Injuries.

SHANGHAI, June 11.—Japanese newspapers are demanding the highest compensation for the Japanese citizen who was killed and those who were injured on May 2, in the riot in the Chapel district of Shanghai.

The district adjoins the international settlement which is under Chinese jurisdiction. Some of the most radical Japanese newspapers suggest Japan should ask for a concession in Shanghai payment for the wrongs its citizens suffered. It has even been hinted that Japan should be given a part of the Chapel district, but no official representations have been made.

Numerous witnesses have testified concerning the riot on May 2, which was precipitated by a Chinese policeman, who is alleged to have shot wildly at pedestrians. Several other Chinese policemen, according to the evidence, were also involved in the riot.

A general fusillade, which resulted in the injury of many persons. The Chapel chief of police denies the testimony of the witnesses.

There has been a movement on foot for many years to include the Chapel district in the international settlement, but the Japanese government has refused to do so. The Japanese government has refused to do so.

France is the only foreign country which has a concession of its own in Shanghai. The international settlement is under joint control of the leading foreign powers, virtually all of whom are favorable to the inclusion of the Chapel district. The acquisition of territorial rights by Japan alone would probably be stoutly protested by foreign interests.

## The Big Thing for Breakfast

And it's BIG in more ways than one.

First, there's that wonderful flavor. The crisp, nutty granules of Grape-Nuts food combine the sweets of whole wheat with the smack of malted barley—a flavor that no mere wheat food can rival.

Next comes the remarkable digestive quality. (Malted barley contains a natural digestive element.) Grape-Nuts digests quickly, and weak as well as strong stomachs handle it comfortably.

And then comes the wonderful nourishing value. No other cereal food puts the vim and vigor into body and brain that Grape-Nuts does.

This food-standby tells its own story after trial.

## FEDERAL EMPLOYEES STILL FIGHT UNION

### Justice Stafford's Decision Has Not Ended Efforts Against Amalgamation.

Members of the Federal Employees' Union opposed to the amalgamation of the organization with the Federal Labor Union are to continue their efforts to dissolve the combination.

Mrs. M. H. Worrell, chairman of a committee named to arrange a mass meeting of protestants in the near future, so indicated today.

The refusal of Justice Stafford temporarily to enjoin the unions from amalgamating on the showing made by the organizations that amalgamation already had been effected, is not to deter the complaining clerks in opposing some of the regulations imposed by the charter.

In Court in Fall.

In announcing the forthcoming mass meeting of complainants, Mrs. Worrell points out that Justice Stafford's decision disposed only of the temporary relief sought. The injunction suit proper, she declared, would be tried on its merits at the fall term of court.

The meeting is being arranged by a committee consisting of Mrs. M. H. Worrell, Harry B. Richards, E. S. Rickard, Spencer E. Bomar, and A. E. Kurtz, who represented the complainants in taking the matter into the District Supreme Court.

"Many members of the Federal Employees' Union have been misled into believing that the proceedings in court have been quashed, and that the matter was decided in favor of the officers of the union," said Mrs. M. H. Worrell. "As a matter of fact the suit has not been disposed of, and is still pending for hearing on its merits. It will probably come up next fall when testimony will be taken, and the matter finally decided."

Trial Will Go On.

"The action of the court was simply to deny the issuance of a temporary injunction pending the outcome of the trial."

"Both the original bill of complaint and the intervening petition of the Stenographers, Typewriters, Bookkeepers and Assistants' Union will come up for hearing in their regular order on the docket."

"There are a large number of members of the union who do not propose to allow this matter to drop until it is finally decided whether we shall pay money into the strike fund of the A. F. of L. when our constitution forbids us to strike, and whether we shall be compelled to organize as a local union instead of a national union."

## BUSINESS MEN FOR PRICE MAINTENANCE

### United States Chamber of Commerce Votes for Right to Fix Retail Value.

A poll of business men throughout the country conducted by the Chamber of Commerce of the United States, shows a majority favoring legislation to establish the right of a manufacturer to control the retail price of his product, along the lines of the Stephens bill now before Congress.

The question, as presented by the chamber, was divided into two parts:

(1) That there should be Federal legislation permitting the maintenance of resale prices, under proper restrictions, on identified merchandise for voluntary purchase, made and sold under competitive conditions.

(2) Federal legislation should take the form of an amendment to the Trade Commission act, defining the conditions under which price-cutting is an unfair method of competition and authorizing the Federal Trade Commission to prevent such price cutting in interstate and foreign commerce.

The first recommendation resulted in a vote of 88 for and 27 against. The second proposition was lost.

## NOW RECOMMENDS TANLAC TO FRIENDS

### Master Medicine Overcame Trouble and Restored His Strength.

When one has suffered from any ailment and eventually finds relief, it is only human that the person should want to tell other friends about the cure.

C. S. Potter, of 194 Main street, Rochester, N. Y., suffered from indigestion and a general run down condition, but now since taking Tanlac, he feels much better and feels refreshed. In telling of his case, Mr. Potter said: "I suffered from indigestion for a long time and was in a run down condition. I had a small appetite, and what I ate would form gas on my stomach. I had backaches and did not sleep well. I saw Tanlac advertised, and thought I would try it, and now after taking two bottles find that my appetite is better and that neither the backache nor the bloating is as bad as it was. I now sleep much better, and feel refreshed in the morning. I want to recommend Tanlac because I feel that it benefited me."

Some of Tanlac's greatest triumphs have been gained by building up run-down people. Lifting them from the condition of Mr. Potter before he took Tanlac to the condition he attained after he used it. To throw off pain, illness, and lethargy, and to take on health, strength, and freshness is sufficient to make Mr. Potter and thousands of other people who have had the same experience, grateful for Tanlac.

Tanlac is now sold and explained daily at the People's Drug Store at 7th & 13th Sts. N. W., and evenings at the People's Drug Store, at 202 14th St. N. W., by Mr. Sigmund, the Tanlac man, who is in attendance daily, and will be glad to explain how to take Tanlac, and what results to expect from its use. Tanlac may also be obtained at the other People's Drug Stores at 7th & K Sts. N. W., and 1159 7th St. N. W.—Adv.
